

The Milestone School Council News

Issue 2 - June 2021

We have been busy in the School Council finding new ways to help improve your school. Read on to find out more...

The School Council decided they wanted to find ways to raise money to purchase new playground equipment for pupils around the school to enjoy.

Our first fundraising event was a cake sale where our total raised was **£164.62!!** We are so pleased with this total, thank you to all the classes and staff who came along and purchased our cakes and biscuits.

We have already ordered 2 basketball nets and basketballs for Middle Department and are looking to source a football goal for Senior Department.

Staff interview of the term!

Each term the school council will be selecting a member of staff they would like to interview to find out more about.

This term our chosen member of staff was Tom, Head of the Senior Department.

Shanice and Grace interviewed Tom with a range of questions written by your School Council Reps.

Why did you want to work at Milestone?

I worked in Bath but moved to Gloucester. I have been waiting for a job at The Milestone to come up to work at this great school.

What is your favourite sport, rugby or football?

Rugby

What team do you support?

Bath Rugby

What is your favourite food?

A roast dinner, especially the roast potatoes.

What is your biggest achievement?

In my personal life that would be coaching my rugby team to promotion.

In my professional role working as Acting Head Teacher and helping the school to improve.

What is your favourite thing about Milestone?

That the pupils come first with everything that we do.

Actions from our previous meeting:

- The School Council would like to help improve the school grounds by going on a whole school tidy. We will be undertaking this by the end of term.
- Our first fundraiser has taken place to raise money for new playground equipment.
- If we were in charge of the school for a day.... Sally to investigate if the School Council can plan a whole school day!
