

**9 December 2022**

Dear Parents and Carers,

Unfortunately, there are a lot of seasonal coughs, colds and tummy bugs about at the moment (in addition to the concerns about Strep A and Scarlet Fever which I emailed information about earlier this week).

Please can I ask for your support in keeping your child at home if they are unwell in order to prevent germs / bugs being passed on. Many thanks for your support and understanding.

Kind regards,

Diane Taylor

Principal

The Milestone School
