Dear Parents & Carers,

Welcome to the first edition of The Milestone School Safeguarding Newsletter! In particular, a warm welcome to our new families.

As we start the year, I would like to remind you all that, at The Milestone School, safeguarding and promoting the welfare of children is everyone's responsibility and our top priority. Everyone who comes in to contact with the children and families who make our community has a role to play.

Everything that we do has the children at its centre. Their wellbeing, their safety, their achievement, their happiness underpins every decision we make.

Often when safeguarding is mentioned, the immediate thought is about child protection – when a child is suffering harm or is danger. However, safeguarding is much more complex than this and encompasses a very wide range of areas.

At The Milestone School we ensure that all of our staff are well trained in all aspects of safeguarding and this training is regularly updated and frequently revisited throughout the year. Staff are taught to be curious and have open and honest conversations with families.

We also ensure that our curriculum provides the children with age and stage appropriate opportunities to learn how to keep themselves healthy and safe. With this in mind, we will continue to send out a monthly newsletter informing you of any recent safeguarding updates as well as providing you with key information around a range of safeguarding issues, including regular online safety information and advice.

You will see on the left of this page information about who to speak to if you have concerns about a child's safety or welfare, however all our staff are trained in safeguarding if you want to discuss any concerns with them. Any questions, please do ask.

Keeping Children Safe in Education (KCSiE) 2024

Keeping Children Safe in Education is a statutory Department for Education document which all schools must follow when carrying out their duties to safeguard and promote the welfare of children.

It covers many aspects of safeguarding including different forms of abuse, early help processes, safe recruitment, how concerns must be reported and the role of the Designated Safeguarding Leads.

Safeguarding and promoting the welfare of children is defined as: -

Protecting children from maltreatment; - Preventing impairment of children's mental and physical health or development; - Ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and - Taking action to enable all children to have the best outcomes.

Report any concerns

If you suspect a child is being abused or is in danger of being abused, please contact a Designated Safeguarding Lead, or any member of staff.

You can also contact the Multi Agency Safeguarding Hub (MASH) on: 01452 426565.

If a child is in immediate danger, call the Police immediately on 999.
